

Dear Community Member,

On November 2, residents of the Ed-Co Community School District voted on a bond issue proposal to address the district's facility needs. While a majority of voters supported the solution on the ballot, the bond issue fell short of the 60 percent approval required to pass.

Now, the School Board is looking at potential alternative solutions to the district's needs. We would like to get your thoughts, feedback, and input through a **community-wide survey**.

All residents of the Ed-Co Community School District are encouraged to take the survey. It is **anonymous** and takes about 5-10 minutes to complete. The survey will be open from **XX** to **XX**.

We hope you continue to take part in these important conversations regarding the future of Ed-Co's public schools. Thank you in advance!

Sincerely,

Edgewood-Colesburg School Board

Dan Venteicher, President

Tammy Kirby, Vice President

Robert Schilling, Member

Jeff Hoeger, Member

9) Did you have questions that you raised that were not answered about the district's facilities needs and the potential solution on the ballot? If so, please share them below:

**Ed-Co Community School District
Post-Bond Issue Survey**

The heating, ventilation, and air conditioning (HVAC) system in our elementary school building is nearing the end of its lifespan. Many times, we have needed to dismiss our students early due to extreme heat in the building, which impacts student learning. The issue is too expensive to fix with the use of existing district funds.

10) Do you have alternative ideas about how the district could address this need? If so, please share them below.

11) What do you think the board should keep in mind as it considers options, including another potential bond vote in the future, to address the district's facility needs?

Thank you for your participation!
